VOL. XIV.

CLAY CITY, KY., THURSDAY, SEPTEMBER 23, 1909.

NO. 38.

Seven to Two.

The ball game Sunday between the Clay City Blues and Green's Nebraska Indians was hotly contested and resulted in a disastrous defeat for the local boys, the score standing 7 to 2. The ball park was lined with spectators all eagerly hoping for the best results for the local boys, but to no avail.

A Busy Day.

The way the yard stick rattled, hardware jingled and our merchants and clerks moved around Saturday indicated a lively day for our business men; and the people thronged our thoroughfares were delighted in the bargains they had pocketed, and the general verdict is this is the place to trade.

Miss Lottie DeTeens, of Missouri, a former matron of the Highland Orphanage, this city, was visiting the Home the first of the week. Miss DeTeens has been engaged to teach at Elkatawa and will go there this week.

David Rose and Virgil Rose each bought a pair of young mules at Mt. Sterling court Monday. Other of our citizens attended this court and did business in the stock line as they generally do.

Attorneys Henry Watson, of Mt. Sterling; and C. F. Spencer, of Winchester, are in the city today taking deposition in the local option election contest case. The case will come up for trial Oct. 1.

Rev. and Mrs. Robt. N. Bush are attending conference at Paris this week. Bro. Bush has been most acceptable to our people as pastor and we trust he will be returned to this work for next year.

We have been blessed with another light shower this week.

Old Newspaper Boy in Success.

Wm. F. Schooler, formerly publisher of the Morehead Advance, who three years ago took charge of the Hord Sanitarium at Shelbyville, Ind., has made a success of the undertaking. The Sanitarium treats patients addicted to the drug and liquor habit. It is there treated as a disease and has been a great success in the past three years. The number of patients received there this year has been limited by the rooms in the building. A new addition will be erected to accommodate all patients coming in the future.

J. M. Kennon sold to Wm. Evans thirteen heifers weighing from 500 to 700 pounds at \$2.05. Evans also bought a lot of hogs from various persons about Clay City at \$6.50.

Mrs. Edward Rose suffered a severe attack of heart trouble Sunday night and for awhile it was thought she would die. She rallied however and is now much better.

Mrs. Staples, of Virginia, has taken charge as matron at the Orphan's Home in the place of Mrs. Mary Hurd who last week went to her home in Canada.

I. J. Chase, of Levee, was transacting business in the city Tuesday and incidentally called and renewed his subscription to the Times.

Mrs. W. R. Cassidy visited relatives at Winchester last week and attended the meeting of the Boone's Creek Association.

Mrs. Wm. C. Martin and children are visiting relatives at Rosslyn.

Days of Opportunity Not Yet Passed.

In the death of Governor John A. Johnson, of Minnesota, and the accounts given of his poverty in his boyhood reminds us that the opportunity for boys to rise in the world even under the most adverse circumstances has not yet passed.

Gov. Johnson's father died a drunkard in the county poor house, leaving a widow with several children to support. She took in washing to keep them alive until John was thirteen years old and was apprenticed into a printing office. He gradually improved in the office work until he became editor and publisher. He was elected Governor of his state on the Democratic ticket by nearly 10,000 majority while Roosevelt carried the state by 162,000 majority. He was elected for two succeeding terms and each time the state went Republican for other officers.

This shows that it is the personality of a man that wins in some instances, and self made men usually have a more pleasing disposition for the public than the "silver spoon" fellows. Let our poor boys take hope and strive to emulate the example set by one of our greatest self-made men—Gov. John A. Johnson just passed away.

The Chronic Kicker.

If you are a kicker and see the shadows of failure in everything that is proposed to help the town for prosperity sake go into some secluded canyon and kick your own shadow on the clay bank, and give the men who are working to build up the town a chance. One long-faced, hollow-eyed, whining, capping, chronic kicker can do more to keep away business and capital from a town than all the drouths, short crops, chinch bugs, cyclones and blizzards combined.

We acknowledge receipt of renewal of subscriptions this week from foreign subscribers, D. B. Bradley, Williamsburg, Ky. and Ed Welch, Kellogg, Idaho.

Grover Barnett, who has been down with flux for nearly three months, is able to go about and is now visiting relatives in the city.

W. F. Barnett is in Lexington to attend his father, C. W. Barnett who is to undergo a serious operation.

Miss Mary Shimfessel left Sunday for Independence, Mo. where she will spend a few weeks with relatives.

Married.

Miss Nellie Lenville and J. W. Quisenberry, both of Clark county, were married yesterday on the Iron Works pike. Miss Lenville is a niece of Mrs. J. W. Jewell of this city.

MT. STERLING COURT.

Monday was county court day and between 7,000 and 8,000 cattle were on the market. All the local pens were filled to overflowing with possibly 2,500 that couldn't reach the city and had to be pastured outside of town. Trade was extremely brisk and the local scales had all they could do to weigh the stock as fast as they were sold. Prices were good, some cattle selling as high as \$4.60 and \$4.75, but the bulk of the sales were at \$4.50 or less for 900 and 1,000 pound steers. Yearlings at 3½ to 4½ cents. Heifers at 3 to 3½ cents, with a few extra ones at 3¼. Cows at 3 cents; old cows and rough oxen at 1½ to 2 cents. A big crowd was at the pens and bidding was spirited all day, and a great many cattle were sold. Many buyers were here from surrounding places, with several from Ohio.

A tremendous crowd of people from surrounding counties was in town and all the local merchants report a nice business.

There was considerable activity in the mule market, several sales of big heavy mules being made, with many suckling mules changing hands, the prices being paid for the latter ranging from \$85 to \$100, with few extra good ones selling at \$110 and \$105. Very few horses were sold, although many buyers were here looking for good ones. Some few sheep were sold, the prices ranging from \$5.50 to \$6.10 per head.—Mt. Sterling Gazette.

Buys Bluegrass Farm.

Robert C. Baker, of this county, bought a farm of about seventy-five acres near Spencer, Montgomery county for \$75.00 per acre. Possession first of March.

A New Scheme.

Too poor to take a home paper? Well, that is a disastrous condition, buy a hen, feed her crumbs and waste from the kitchen and she will lay eggs to pay for a year's subscription; then work her up into pot pie and she will pay first cost; so the paper will be clear profit. Repeat this process year after year, meanwhile learn wisdom and cease to be poor.

Gov. Johnson Dead.

Governor John A. Johnson, three times elected Governor of Minnesota, a candidate for the Democratic nomination for President last year, and looked forward to as the Democratic Standard bearer three years hence, died at St. Mary's Hospital at Rochester, Minn. Tuesday following an operation last Wednesday.

The Farmer.

Not only the country at large, but what is of more importance, is that the farmer is very important in most of the good things that make up this world of ours. He furnishes fresh and good blood to the great business organizations of the country which are engaged in legitimate transactions, furnishes a good portion of the money which keeps the wheels of commerce moving, feeds the "whole shootin' match" and does his quota of kicking when things go wrong:

Winchester won the pennant in the Bluegrass League of base ball over Richmond by one-half of a game.

Mrs. Mary Hall is very sick and owing to her advanced age may not recover.

A Ticket for Defeat.

The Republicans of Powell county are, it seems, going to put up some candidates for county offices this fall. It is all the same to us, we feel the Democrats can win by the usual safe majority. The impression seems to be that candidates for County Judge, Sheriff and County Attorney will be named. The Democrats have efficient men nominated to fill all of these places. There is practically no dissatisfaction within the party, so it looks to us like a losing proposition to the Republicans who run, but suppose they just want a race to let us know they are still alive.

Among the necessities of life put on the free list for the benefit of the poor who must earn a living "by the sweat of the face" is radium, and the bottom has fallen out of the market. The frugal and economical housewife can now purchase this necessity at \$2,000,000 00.

Truth is stranger than fiction but what is this? A farmer over in Scioto county found a turtle upon whose shell Aaron Baker in 1833 cut his name and the date. The turtle obligingly turned up again in 1864 and Aaron's son carved his name and the date upon the historic shell. In 1899 a grandson followed suit with his name and the date and now a great grandson has come upon that same old turtle and has done as his forebears did.—Adams County (O.) Record.

The affiant, R. C. Welch, being duly sworn says that he is a resident of Powell County, Kentucky; that he was born on November the 1st, 1885, and that he has resided in Powell County ever since the date of his birth.

He says that he was admitted to the practice of law in the Wolfe Circuit Court on the May 1907. He further states that he obtained the date of his birth from the record of his father's family and that it is the same record that has been in possession of his father ever since he can remember.

He says that he makes this affidavit for the purpose of controverting certain false statements which have been circulated throughout Powell County as to his eligibility to hold the office of County Attorney.

(Signed) R. C. Welch.
Subscribed and sworn to before me by R. C. Welch, this the 17th day of September, 1909.

Kate S. Bohannon,
Examiner Powell County.
Notice to The Republicans of Powell County.

I am a candidate for the nomination for County Judge, subject to the decision of the voters that is entitled to a voice in our coming convention. My policy is economy in our county affairs when practical and consistent. I am for every one having according to law their share of what's honest, fair and square. It has been said that the county is enormously in debt. If the reins of the county affairs should fall into my hands as far as it is in my power I will guide judiciously and try to help get it out. If nominated I appeal to the taxpayers and thinking men of the county for their support.

Beware of Ointments for Catarrh that Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases. Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

Belle Burgher Sunday.

Mrs. T. S. McKinney and
daughter, Miss Laura, visited at
Vaughn's Mill one day last week.

The school at this place has
been in session two and one half
months and is progressing nicely.

G. S. Ware, our general mer-
chant, bought of John W. Daw-
son a bunch of ties and is having
the same hauled to Clay City.

Wiley Christopher, Jr., a for-
mer resident of this place but
now of Clark county, visited his
old home the latter part of the
week.

The infant child of Mr. and
Mrs. Asa Snowden died Monday.
Burial Tuesday in the A. J. Bar-
nett family burial ground. Mrs.
Snowden is also in a very dan-
gerous condition.

The most economical family
in the use of tobacco is one near
this village. One of the sons
chews, then dries the cud which
the mother smokes and a young-
er son snuffs the ashes.

For Your Body's Sake.

D'o not forget the value of
fresh air, sunshine and water.

The open window may fade
your carpet, but it is better to
have faded carpets than faded
health. Do not have a closed
room in your house.

Forget the old superstition that
night air is not healthful. It has
been proven beyond a doubt that
fresh air is necessary at night.

A glass of fresh water before
breakfast each morning will
make pills unnecessary. The
water flushes out the intestines.

A well balanced diet is one of
the most important things on the
highway to health. Man needs a
balanced ration as well as stock.

Open the window of your bed-
room both to the top and the
bottom. Such an arrangement
enables the air to circulate free-
ly.

The family tree sometimes
bears pretty poor fruit.

dred yearly subscriptions to the
Southern Agriculturist and will
give this paper one year free to all
our subscribers paying for the
Times one year in advance. The
Agriculturist is one of the best farm
papers for this section, so renew

We trust our subscribers, all who

year's delinquency. We dislike to
discontinue the paper to any sub-
scriber who wants it and we also
dislike to disobey the law which
puts us in a hard place that can be
so easily remedied by all paying up.
Please do this.

father or mother will be received at
present. We request all those who
have any such children to write to
Dr. Edward O. Guerrant, Wilmore,
Ky. Also will thank all ministers

tion as to any such children. The

Very Serious

It is a very serious matter to ask
for one medicine and have the
wrong one given you. For this
reason we urge you in buying
to be careful to get the genuine—

**THE FORDS
BLACK-DRAGHT
Liver Medicine**

The reputation of this old, reli-
able medicine, for constipation, in-
digestion and liver trouble, is firm-
ly established. It does not imitate
other medicines. It is better than
others, or it would not be the fa-
vorite liver powder, with a larger
sale than all others combined.
